30 August 2018

Catalogue Bug Fixes

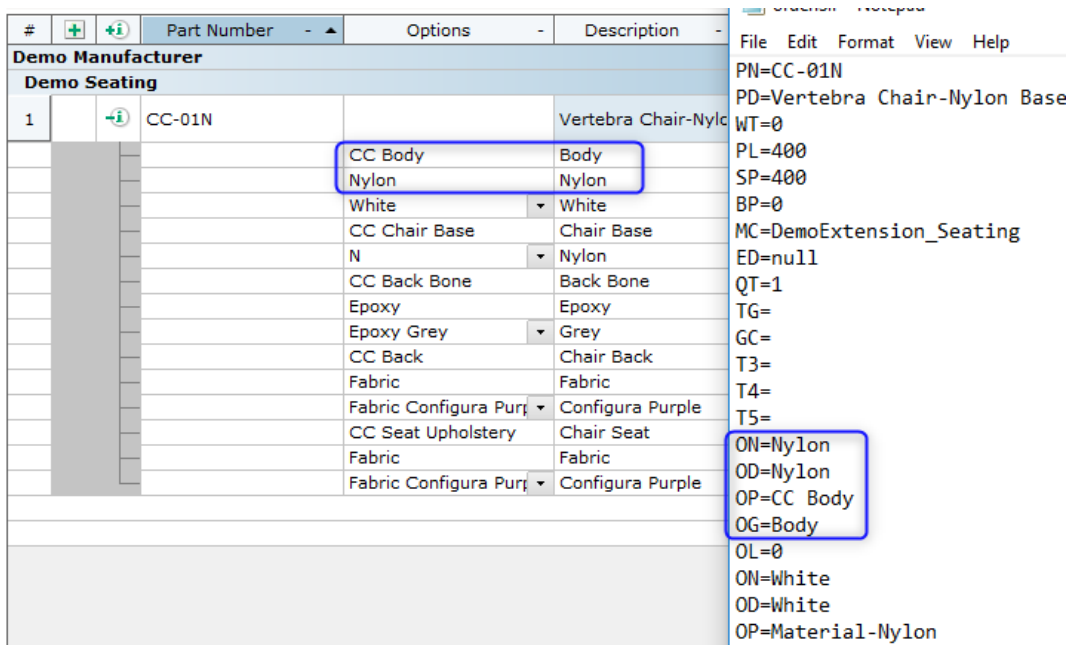

Fixed exporting omitted on order feature to OFDA XML and Project Matrix SIF

- Omitted on order features will not be exported.

Updated exported sif to use "OP" as feature code and "OG" as feature description

- Updated feature code from "ON" to "OP".

Fixed model path when drag and drop is used to create products in Products card.

Fixed inconsistent update of style number when option changed

Fixed not exporting the correct part number to Project Matrix SIF

#	Part Number	Options	Description
1	CC-01N		Vertebra Chair
		CC Body	Body
		Nylon	Nylon
		White	White

order.SIF - Notepad
File Edit Format View Help
PN=CC-01N
PD=Vertebra Chair-Nylon Base
WT=0
PL=400
SP=400

Fixed updating the functional number instantly when option is being changed on a picklist item.

Picklist : test
